					March 11	J+K
					March 18	G+H
					March 25	E+F
					April 1	C+D
					April 8	A+B
NOTES	<p>AFPs start at 3 p.m. Bring with you a white gown and, if possible, a personal stethoscope.</p> <p>The Practical Activity Exam (Clinical Skills Evaluation) will be done with Prof. E. Durante Mangoni and other Teachers at the Monaldi hospital.</p> <p>There will be sessions in February, May, June, July, September, November, and December; additional sessions can be scheduled on exceptional circumstances on request.</p> <p>The Evaluation may be attempted only after the Methods in Medicine and Surgery exam has been successfully passed.</p> <p>Upon Evaluation, students will have to show ability to independently perform the basic maneuvers of clinical exam, including (but not limited to): Blood pressure measurement; General clinical exam, gait, decubitus; Clinical history taking (presenting condition) only for those who can speak in Italian; Recognition of major skin conditions, discolorations; Basics of heart, chest, abdomen, neck, arterial pulses, joint, lymph node exam; Basics of labs interpretation.</p> <p>The Practical Activity Exam will indeed be performed on real patients in the Hospital. Due to constraints related to Hospital access, patient distress and sometimes critical clinical conditions, the number of slots for each session has to be limited. Students must promptly inform the Coordinator (at emanuele.durante@unicampania.it) in case of exam withdrawal, in order to leave free spots for other students willing to take the exam.</p>
